

HYDRO-QUIP
CORONA, CA (909) 273-7575

Manufacture Notes:

Use 2-pin plug to configure this unit. 1) TOP-SIDE CONTROL use this mode to control temperature by a top-side. 2) AIR BUTTONS use this mode to control the temperature by the GAS HEATER thermostat (in this mode the PROGRAM 2 will allow the pump to run continuously). This unit is also equipped with a heater shut-off switch.
