

LINE 1 — B
 LINE 2 — Bl
 NEUTRAL — W
 GROUND — [Symbol]

HIGH-LIMIT

HEATER 5.5kW FLOW THRU 26-0071-R0

System Line 2 & Neutral must be connected for 120V input.

HYDRO-QUIP
 CORONA, CA (951) 273-7575

Dwg. No. 506G0-DKS5

Drawn MBS Rev 01
 Date 03.18.09

Wire Color Code

Manufacture Notes: #1 - Universal System, connecting the White/Component receptacle wire to the corresponding position on the Universal Terminal Block determines component voltage.

#2 - Low Current (heater off w/high-speed pump or blower) or High Current (no heater restriction)

Diagram No. 7046-3

B - Black G - Green
 Br - Brown Bl - Blue
 R - Red V - Violet
 O - Orange W - White
 Y - Yellow Gr - Gray
